**Guru Paduka Pooja: 25th July at 4:00 PM**

On the occasion of auspicious Guru Purnima days, please join us and perform Guru Paaduka pooja - Worship Holi Feet of Sadguru and be blessed.

For the sake of His disciples, the formless Guru takes the form in Padukas. Guru lives in Padukas. A devotee should pray "O my Guru, wherever my mind goes, may your form be there. Wherever my head bows in salutation, may your feet be there."

The Guru Geeta also says that the Guru's feet have two different lusters – one is white and other is red – representing Shiva and Shakti. Shiva is associated with the white color, and Shakti, the divine energy with the red color. In these feet of Guru, Shiva and Shakti live as one and through them the disciple realizes the unity. He sees Shiva and Shakti as red and white lights shining through the Guru's feet. The Guru's feet should be worshiped everyday, for by their means one easily realizes the immanent and transcendent aspect of Shiva (form and formlessness aspects). Their luster radiates in the upper spaces of Sahasrara Chakra.

All devotees are requested to attend the pujas and receive the bountiful blessings of Sri Shirdi Sai Baba and Sri Dattatreya on the special occasion of Guru Purnima.
